Work completed September 4, 2026. Retainage of 5% held per the owner work authorization, released on final acceptance. One-year warranty on parts and labor from completion.

PAYMENT TERMS — due date, late charge, what is and is not taxed

Payment is due within 30 days of the invoice date. Balances past due accrue a late charge of 1.5% per month (18% per year). Sales tax is charged on materials only; labor and subcontracted electrical are not taxable in Colorado.

An invoice bills a complete amount for work or service — direct-to-owner jobs, service calls, T&M work. If you are billing a general contractor monthly against a schedule of values with retainage, use an application for payment instead. Confirm sales tax treatment of labor and materials for your state.
